

**Tavistock Infant School
Sports Premium Statement
March 2016**

In April 2013 the Government provided additional funding for the academic years 2013/2014 and 2014/2015, to improve provision of physical education (PE) and sport in primary schools. This funding has been provided jointly by the Departments for Education, Health and Culture, Media and Sport. This funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools.

During the first year of the funding, Tavistock Infant School chose to use the Sports Funding Premium to work closely with the Rushmoor and Hart schools to support and enhance our PE development. During the second year we have continued to embed that good practice and continue to use the monies to ensure that all pupils develop healthy lifestyles and reach the performance levels they are capable of at school.

Tavistock has currently received £8,863 and has spent 71 % of this budget allocation.

At Tavistock Infant School we offer the following provision for PE:

- Each class has their PE lessons taught by their class teacher.
- Each class has swimming lessons during the summer term.
- After school clubs run on: Monday: Gymnastics, Wednesday: Multi skills and Friday: Football.
- Five times a week during lunchtime, SCL come in providing football and multi skills activities.
- One of our lunchtime supervisors is in charge of providing PE equipment for the children to use.

We use the funding at Tavistock Infant School to:

- continue to develop the training of teachers through twilight sessions and staff meetings to deliver quality PE teaching.
- invite specialist coaches to work with children and staff.
- introduce dance and gymnastic days for each class once a term.
- Maintain our existing PE equipment.

Our Curriculum focus of spending to date:

- All staff attended training delivering either dance, games or gymnastics.
- Our lead PE teacher updated all planning and developed a range of interactive resources that model excellence in physical development.
- Our wall bars were replaced providing the children with more stimulating apparatus to develop their physical skills.
- SCL Training was provided for lunchtime staff, including the development of positive play to enhance playtimes for all children.
- Resources and storage were purchased, both for the playground and EY provision, to develop the children's gross motor skills.
- Premier Sports coaches ran our 'Sports Days' which provided both individual and group competition. Medals were awarded to all children for individual achievement.

Measuring the impact of spending

- The PE curriculum is energized.
- Staff have improved their confidence when teaching lessons which have resulted in a higher level of skill.
- All KS1 children have taken part in topic based dance days as a direct result of training accessed through the Hart and Rushmoor Schools Cluster.
- The EY outdoor provision has enhanced outdoor resource provision enabling 92.2% of children to reach expected or exceeding in Moving and Handling at end of 2015.
- Children are able to develop their social skills through structured play opportunities such as skipping/team games using the resources bought specifically for lunchtime play.

- Lunchtime supervisors have more confidence.
- Our talented Sports people were able to shine by being the best at specific activities.
- 17 children attend *Gymnastics Club*.
- 29 children attend *Football Club*.
- 11 children attend *Club Energy*.
