## Have a lovely half term break

### Internet Safety Wizards

This week the children were captivated as they met one of the spectacular puppets and joined an exciting adventure to Internet Land.

The workshop was engaging, interactive, and perfectly suited to our younger learners.

Our pupils learned valuable lessons about staying safe online and how they can become Internet Safety Wizards, all in a fun and memorable way. The session helped develop important early skills that will support them in becoming digitally resilient.

Thank you to Openview Education for providing such an enjoyable and educational experience for our children.
