

# WORD AWARE- Help your child learn new words.

Children need to understand words to understand what they are reading.  
**TALK ABOUT BOOKS**

Have fun with words. Play the games that we send home but you can make up your own.

Children learn best if we all work together.

**TALK,  
TALK and  
MORE  
TALK!**

If we send home new words don't just ask what they mean, talk about the words in sentences.

If you speak other languages at home, talk about words in your own language too.

Children need words to understand science, maths and other subjects.  
**USE THE STEP ON WORDS!**
