#### Summary of main barriers to educational achievement faced by some eligible pupils:

- Minimum or no academic support at home to reinforce learning at school i.e. parents do not listen to their children read; help them learn their spellings, practise number bonds and number and letter formation.
- Children come to school with poor language skills because they have spent a lot of time using electronic devices rather than communicating with human beings.
- Children have not had the opportunity to take part in leisure activities due to financial restrictions therefore their social skills and self-esteem can be low.

#### Strategy for the school's use of Pupil Premium Grant.

The funding received from PPG will:

- Help to continue to provide ELSA and additional trained LSA/SNA support across the school.
- Pay for swimming, after school clubs and school trips so that the children can participate and therefore raise their self-esteem and life experiences.
- Provide PE equipment/Book bags.
- Give opportunity to access other agencies such as Play Therapy/OT when necessary.
- Support parents who have transportation issues who do not qualify for travel assistance.
- Provide one to one support or group support in reading, writing and maths where specific interventions are required from the Maths Manager, the English Manager or a trained LSA.

The Governing Body chose to spend the pupil premium in this way based upon Pupil Premium case studies including a toolkit produced by the Sutton Trust and the Education Endowment Foundation (EEF).
