

Dear Parents

During the next few months, as part of a review of safety outside our school gates, Tavistock Infant School will be reviewing its school travel plan. It is the intention to involve all the parents of the school in contributing towards the plan, as we all travel to the site. The plan will be looking at how pupils, staff and visitors travel to and from school. We intend to work towards the following outcomes:

- Improve safety and reduce air pollution
- Encourage pupils, parents, guardians and staff to walk or cycle to school where possible
- Encourage pupils, parents, guardians and staff to use environmentally friendly ways of travelling to school
- To involve pupils through curriculum in considering the best ways to travel safely and healthily to school

The survey also gives you an opportunity to highlight any barriers to sustainable travel and put forward suggestions to where improvements could be made to the local infrastructure.

A link to a travel survey is attached and we would encourage you as parents to complete this as a family activity. Please complete this before 9 February 2024.

Thank you for your support in this matter.
